ABOUT ME

I am a Dependable and Enthusiastic person who is great at time management. I am always ready to upgrade myself by learning something new every day. I use a Creative approach to problem solve. I AM EXCITED TO WORK WITH YOU.

EDUCATION

Prof. Ram Meghe College of Engineering and Management, Amravati	Y.B. Patil Polytechnic, Pune
Bachelor of Computer Science and Engineering	Diploma in Computer Engineering
Aug / 2024 - Will Graduate	June / 2021 - Graduated

SKILLS

language: Python3, Feature Engineering
C++ Data Cleaning
GitHub, SQL Database
Data Analytics, Problem solving
Data Science, Communication
Data Visualization

PROJECTS

A Classification Model to Predict the Sentiment either (1 or 0) Based On Amazon Alexa Reviews

Verzeo Oct 2022 - Nov 2022

A classification model to predict the sentiment either (1 or 0) based on Amazon Alexa reviews. Context: This dataset consists of a nearly 3000 Amazon customer reviews (input text), star ratings, date of review, variant and feedback on various amazon Alexa products like Alexa Echo, Echo dots, Alexa Firesticks etc. for learning how to train Machine for sentiment analysis.

A Classification Model to Predict whether Price Range Of Mobile Based On Certain Specifications

verzeo Oct 2022 - Oct 2022

In this project, I was given a dataset that contained mobile prices and its specification. I was tasked to create a model that would predict the price of the mobile based on the specifications provided.

coffee machine project

personal project Aug 2021 - Aug 2021

Prompt user by asking "What would you like? (espresso/latte/cappuccino): " a. Check the user's input to decide what to do next. b. The prompt should show every time action has completed, e.g. once the drink is dispensed. The prompt should show again to serve the next customer. 2. Turn off the Coffee Machine by entering "off" to the prompt....
